

# Power Up Your Application with a Free Handheld DMM

Get a free Keysight U1232A handheld digital multimeter (DMM) with the purchase of qualifying power products

## Test with Confidence

When powering your devices under test (DUT), you expect nothing less than accurate test results. The power supply powering your DUT can throw your measurements and your confidence off. You need precision, speed, and low noise for best results. Keysight's power supplies help you:

- Increase voltage sourcing stability with built-in remote sense functionality for your DUT
- Improve productivity with intuitive user interfaces, bright colored displays with wide viewing angles, and form factors ideal for any bench
- Test with confidence with low output ripple/noise and protection for your DUT

## Get More Done with a Free DMM

For a limited time, get a free U1232A handheld DMM with every qualifying purchase of Keysight power supplies.

## Examine the Benefits

The design of the U1232A handheld DMM withstands harsh working conditions and anticipates worst-case scenarios. The ergonomically shaped handheld has a built-in LED flashlight to easily illuminate the test area while selecting measurement functions. This DMM also enables you to:

- Make continuity tests in noisy and dim environments using the easy-to-see flashing backlit display and audio alerts.
- Eliminate ghost voltage and improve measurement accuracy using the low impedance mode.
- Get 500 hours of battery life and stay safe with CAT III 600 V overvoltage protection for high-voltage measured circuit applications and personnel.

## Promotion conditions

You must purchase one of the following Keysight power supply products from Keysight or an authorized Keysight partner during the promotion period to be eligible to claim the free U1232A handheld digital multimeter — one free U1232A DMM with the purchase of one qualifying power product.

## Eligible power products

Model	Description
N6700C	Low-profile modular power system mainframe, 400 W, 4 slots
N6701C	Low-profile modular power system mainframe, 600 W, 4 slots
N6702C	Low-profile modular power system mainframe, 1200 W, 4 slots
N6705C	DC power analyzer mainframe
E36313A	DC power supply, triple-output, 6 V, 10 A, and 2 x 25 V, 2 A, 160 W: LAN, USB
E36154A	DC power supply, single-output, auto-range: 30 V, 80 A, 800 W: LAN, USB
E36155A	DC power supply, single-output, auto-range: 60 V, 40 A, 800 W: LAN, USB
E36731A	Battery emulator and profiler
E36233A	DC power supply, dual-output, auto-range: 2 x 30 V, 20 A, 400 W: LAN, USB
E36234A	DC power supply, dual-output, auto-range: 2 x 60 V, 10 A, 400 W: LAN, USB

### Promotion information

Start date: May 1, 2023

End date: October 31, 2023

Availability: Americas, Asia Pacific, Europe, the Middle East, Africa, and India (EMEA)

Countries not included: Turkey, Russia, Israel, and Greater China.
