Newark

AN AVNET COMPANY

The right components for tomorrow's success.

We are Newark, the fast and reliable distributor of products and technology for electronic and industrial system design, maintenance, and repair. From research and design through prototype to production, we are here to help you access the products and services you need 24/7. With more than 90 years of experience, 47 localised websites and a dedicated team of over 3,500+ employees, we provide every component you need to build the technology of tomorrow.

We have been part of the established global technology distributor, Avnet, since 2016. Today, this relationship allows us to support our customers at every stage of the product life cycle, offering a truly unique distribution model, as well as expertise in end-to-end delivery and product design.

Why Choose Newark?

Access millions of industrial and electronic components from 2000+ world class suppliers

Global resources with operations in 35 different countries

Personalized customer service and technical support from a team of industry experts

Market-leading online community with over 800,000+ engineers

24/5 Live Chat

Call us for a quote on large or small orders, or email quote@newark.com
