

DISPLAY MOUNTS

Tripp Lite Display Mounts for Flat-Panel Displays and HDTVs

- *Fixed, tilting and full-motion mounts with sturdy metal frames support a wide range of displays*
- *VESA® compliance and included mounting hardware make installs quick, easy and secure*

High Quality Display Mounts from a Manufacturer with a Worldwide Reputation for Reliability, Value and Service

Easy Installation

Tripp Lite Display Mounts come with all the hardware you need for installation. Included fasteners allow you to install on walls with timber or masonry construction, including wooden studs, cinder blocks, bricks and concrete. Installation is a simple three-step process: mount the wall frame, connect the display bracket and hang the display. The wall frame's open design provides easy access to wiring, cables and conduit, and select models include built-in bubble levels for accurate leveling of your display.

VESA Compliance

VESA compliance makes it easy to choose a Display Mount that's guaranteed to work with your display. Select models include an adjustable bracket that fits a wider range of VESA-compliant displays.

Optimized Viewing

Tripp Lite Display Mounts adjust to optimize viewing angles and make the most of your display environment. You can use them to upgrade existing displays with enhanced ergonomics to reduce glare, provide comfortable viewing angles, reduce fatigue and increase worker productivity. You can also fine-tune the positioning of digital signage and point-of-purchase displays to communicate your message more effectively to your audience.

Durable Construction

Sturdy steel or aluminum frames support displays securely and withstand the stress of repeated adjustments and use in common areas. Scratch-resistant powder-coat finishes tolerate frequent handling and blend with any décor.

Flexible Applications

Tripp Lite Display Mounts are suitable for digital signage, informational displays, conference areas, meeting rooms, point-of-purchase displays, office workstations, security stations, control rooms, instructional settings, public areas, production studios, HDTVs, home theaters and other audio/visual display applications.

Ready for Business

Since 1922, Tripp Lite has established a reputation for reliability, value and service throughout the business community. Tripp Lite is ISO 9001 certified to meet the highest standards of design, manufacturing, distribution, marketing, sales and service. As a market leader in display solutions for digital signage, Tripp Lite's expertise and experience ensure that our Display Mounts are designed to get the job done effectively and efficiently in any business environment. All models are rated for commercial use and backed by Tripp Lite's 5-year limited warranty.

Desktop & Clamp-On Mounts

- Convenient one-touch display adjustment provides easy view optimization and improved ergonomics for varied tasks throughout the workday
- Increase available desk/table space in office workstation applications

A DDR0310SC (Full-Motion Tablet Mount)

B DDR1032SE (Single-Screen Stand)

C DDR1326SD (Dual-Screen Stand)

D DDR1026MQ (Quad-Screen Stand)

E DDR1327S (Full-Motion Mount)

Previous Model Number: DDR1323S

Ceiling Mount (Full Motion)

- Full-motion articulation provides the most flexible view optimization
- Frees up wall and floor space in digital signage applications

Wall Mounts (Fixed)

- Low-profile mounting keeps unit out of sight for sleek, professional appearance
- Horizontal adjustment compensates for off-center wall studs

A DCPU1

B DWF1327M

Previous Model Number: DWF1323M

C DWF2655X

Tripp Lite makes hundreds of solutions for all display, distributed video and digital signage applications!

Connect high-resolution video sources (with or without audio) to displays and projectors up to 2,000 ft. away with high-quality cables, extenders, wall plates, adapters, splitters and switches. Choose from a wide range of solutions to complete any installation:

- **Direct-Connect Cables** connect computers and other sources directly to HDTVs, displays and projectors
- **Easy Pull Cables** include detachable connectors and integrated pull rings for long cable runs through conduit and other tight spaces
- **Over-Cat5 Solutions** offer the longest cable runs, support the most connected displays and use convenient, cost-effective Cat5/5e/6/6a (UTP) cabling

- **VGA, DVI, HDMI®, Analog Video and DisplayPort® Solutions** support the latest industry standards and can be ordered à la carte or as complete kits

- **Surge Protectors** protect valuable displays from damaging spikes and surges, while eliminating disruptive line noise so connected components can perform at their peak
 - o New models in stock!
 - o High-amp USB charging for multiple devices
 - o Built-in timers, adjustable clamps and more

- **Wall-Mount Rack Cabinets** help organize and secure equipment in space-constrained environments—available in sizes from 5U to 26U with weight capacities of up to 250 lbs

ABOUT TRIPP LITE

Since 1922, Tripp Lite has established a global reputation for quality manufacturing, superior value and excellent service. Tripp Lite makes more than 2,500 products to power, protect and connect electronic equipment, including UPS systems, replacement batteries, power distribution units, rack systems, cooling solutions, surge suppressors, KVM switches, cables, display solutions, power strips and inverters.
